## CONGREGATION REVITALIZATION FUND

Foundation will make grants from interest of corpus only and will make loans from corpus in the same manner in which Foundation currently operates. Recommendations will come from the Church Revitalization and Development Committee. Consider allocating a percentage of interest income as corpus annually so as to allow for equity growth of corpus.

		NEW CONGREGATIONS		

Money used to start new congregations. Foundation will make grants only from the corpus with recommendations being received from the Bishop and the Revitalization and Development Committee.

Will need to consider amending by-laws of the Foundation to allow a certain portion of corpus to be used for grants since no loans can be made to new congregations.
